Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(d)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(d), applicants bring to the attention of the Examiner the documents on the attached listing. This Information Disclosure Statement is being filed after a Notice of Allowance but before payment of the Issue Fee and is accompanied by a fee of \$180.00 as specified under § 1.17(p) and a certification as specified under § 1.97(e). Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

Each document listed in this Information Disclosure Statement was first cited in a Notification of Reasons for Rejection issued by the Japanese Patent Office, on May 30, 2006, in a counterpart Japanese application, and this Information Disclosure Statement is being filed within thirty days of the mailing date of that communication. In accordance

with 37 C.F.R. § 1.704(d), no negative patent term adjustment consequences will apply to this Information Disclosure Statement.

Copies of the listed foreign and non-patent literature documents are attached.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

In lieu of a statement of relevance of the non-English documents, an English language translation of the Notification of Reasons for Rejection issued by the Japanese Patent Office in the counterpart Japanese application citing these documents and setting forth the relevance thereof is enclosed. In addition, English-language abstracts of all of the foreign documents are provided. Further, complete English-language translations of Japanese Publication Nos. 2000-315789, 10-303410, and 09-082958 are provided.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserves the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
